Pair Practicum

Part 1

Similar to the example “Programming Practice”, use the Essence language elements to construct a model of the following practice (either on paper or in LucidCharts):

GitFlow

If you need a refresher on the details, please visit: -
<https://nvie.com/posts/a-successful-git-branching-model/> -
<https://www.atlassian.com/git/tutorials/comparing-workflows/gitflow-workflow>

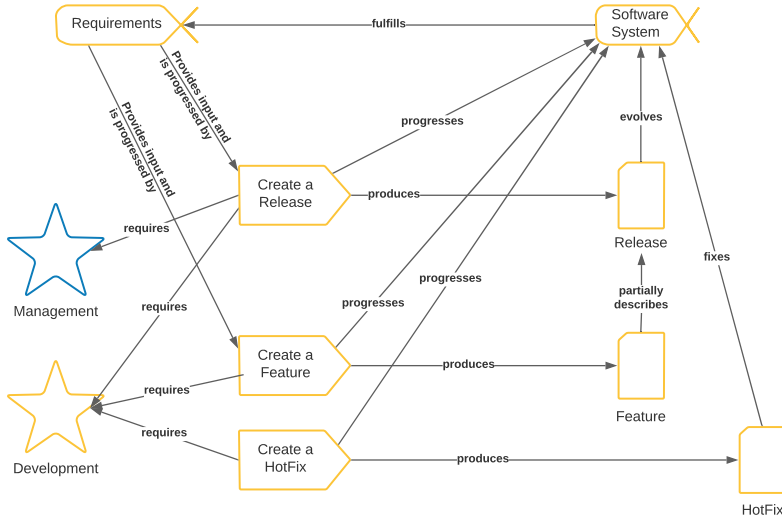

Part 2

- For each of the Alphas, Work Products, and Activities you added for your model
 - Use LucidCharts (or paper) to construct a set of cards for each
 - Be sure to include enough detail for someone unfamiliar to get the gist
 - Include references as needed

End of Class: Turn in your work either physically (or digitally).

Potential Solution - Part 1

Potential Solution - Part 2
