Pair Practicum

- Assuming that you completed the before and after lecture activities, you should have a list of 5 facts you know about **Building Software**.
- On the off-chance that you don't have this or it is not available to you today, let's take the next few minutes to regenerate it.
 - ① At the top of the page write the topic: **Building Software**
 - ② Write the numbers 1 - 5 along the left column of the sheet
 - ③ Brainstorm to identify 5 facts that you know about this topic
 - If you are having a hard time, consult the reading material
 - If you are still having a hard time, use the internet.

Pair Practicum

Let's take a break for the next 10 minutes and do the following:

- ❶ Everyone stand up, leaving your notes where they are
- ❷ Find a partner from another part of the room
- ❸ There are two roles
 - **Person summarizing** - this person summarizes important concepts covered so far
 - **Person clarifying** - responds by clarifying or adding to the summary
- ❹ Select your roles
- ❺ Consider the following additional questions
 - How do you see this as applicable to your work/life?
 - How important is this information to the issues that this course addresses?
- ❻ Share your facts and thoughts about building software, and identify questions you two felt were unanswered by the lecture.
