## Sprint 01 Team Review

### **Self-Evaluation:**

#### **Show Pratoomratana**

During this sprint, I was the Scrum Master and lead for JavaFX UI and support on the backend.

Grade: A

Percent: 20%

I did complete my tasks for this sprint

I was incredibly involved.

### **Team Member Evaluation:**

#### **Alex Diviney:**

Grade: A

Percent: 20%

This person was incredibly involved

#### **David Hellwig:**

Grade: A

Percent: 20%

This person was incredibly involved

#### **Ekow Barlow:**

Grade: A

Percent: 20%

This person was incredibly involved

#### **Michael Collier:**

Grade: A

Percent: 20%

This person was incredibly involved

### **Use of Scrum and Essence:**

We frequently have scrums after class and on the weekend. This makes it a lot easier to know who is doing what and how we can help each other in the future.

The only issue I think we had is during the beginning of sprint 1 we had 2 members work on the same part of the project at the same time. This was just a little part of the project that didn't affect much in the future. But this is something that we improved for the future meeting to make it clear what we are working on.

We have consistent stand-up meetings 2 times a week and smaller meetings to talk about more particular parts of the project. We occasionally do some pair programming as well to step through more complex parts of the system.
