Practicum

- Reform your groups from Monday
- Using the results of your work from Monday, perform the following
  1. As a group review your diagrams, and make any corrections to ensure that the UML is correct
  2. Once you have finished the review, be sure to share with each group member (if not already done)
  3. Individually, implement the classes.
     - Construct a new gradle project for this
     - Then implement each class
     - Implement each relationship
