Peer Evaluation:

Part 1 - Self-Evaluation:

sina khajehpour

In sprint2, I was scrum master and responsible for exporting the essence cards as png by taking screenshot. Also, I was working on Javalin features.

A   25%

I crated the screenshot capture class.

I completed my tasks

I was involved.

Part 2 - Team Member Evaluation

 1. Benjamin Keninger- Product Owner

A   25%

This person was incredibly involved.

2.   Braxton Soto- Scrum Master

A   25%

This person was incredibly involved

3.   Thomas Evans- Team Member

          A   25%

This person was incredibly involved

Part 3 – Team Use of Scrum and Essence

We use basic concept of scrum and essence for Sprint2 as well by assigning the scrum roles and having meetings during the week. During this sprint all of the team members have done their tasks and we attended all the meetings except one of the meetings which one of the members could not make it in-person so we kept him in touch through discord.
